

University College London Hospitals *London*

Client: M E Construction Ltd
Project Value: £117,000

Scope of Works

University College London Hospitals – UCLH
Pathology/Pharmacy

The College is dedicated to the diagnosis and treatment of many complex illnesses. UCLH specialises in women's health and the treatment of cancer, cardiac, infection, neurological, gastrointestinal and oral disease. It has world class support services including critical care, imaging, nuclear medicine and pathology

Winters project involved the strip out of existing restaurant area, new M&E installation and general fit out, including specialist equipment to create a new Pathology Unit. The program included a two week decanting period, followed by the strip out of the existing Pathology Unit and the creation of a new Pharmacy Unit including the specialist fitout.

Winters scope of works included lighting, power, emergency lighting, security and Fire Alarms completed by Winters Fire Services
