Project Value:

Scope of Works

Phased Refurbishment of Exclusive Mayfair Casino

Winters were employed, by GPF Lewis, to undertake the complexed and high spec installation, of the electrical services, to the Casino. The project was phased, to enable the work to be undertaken whilst the Casino continued operating. The refurbishment areas included the ground floor, main entrance, 1st floor restaurant, and two of the terraced gaming/lounge areas. Winters electrical package included the lighting, emergency lighting, small power, electrical distribution, additional MCCB panel, lighting control system, fire alarm installation and adapting the central battery system.
