

30 Cannon Street

Client: Overbury

Project Value:

Scope of Works

Winters carried out the electrical services CAT B fit out project, for Accenture within the existing building of 30 Cannon Street on the 3rd floor.

The works, which were carried out between July 2017 to September 2017, were to the 3rd floor, and included adapting and changing an existing CAT A fit out, to a CAT B specification to meet the clients requirements. The LV switchgear, Distribution, Submain cabling were all adapted to reflect the new fitout requirements. Additional mechanical power was also installed. All Power, emergency lighting and general lighting were all adapted to meet the requirements of the revised layout and client requirements.
