

The Royal London Hospital, Phase 3 Fire Precaution Works

Whitechapel

Client: Barts and The London NHS Trust

Project Value: £443,000

Scope of Works

Supply, install, test & commission emergency lighting & fire alarm systems.

Supply, installation, testing & commissioning of additions & modifications to the existing emergency lighting & fire alarm systems. Works include initial survey to establish full extent of works, working alongside Consulting Engineers. All works undertaken in an occupied & fully working hospital environment. Works extended to include the School of Dentistry. Subsequently a further project was tendered & secured to install new emergency lighting & fire alarm systems within the Out Patients Department. Contract works are currently ongoing. Photographs will be downloaded to the website on completion.
