

97 Harley Street

London W1

Client: Collins Construction

Project Value: £330,000

Scope of Works

Refurbishment of Grade 2 listed Building.

The full project consisted of the complete refurbishment of a 6 storey Grade II Edwardian town house to provide a clinical trials facility, along with treatment and consulting rooms for the expanding practice. The electrical works included the design & installation of complete lighting and power facilities, along with specialist trades such as nurse call, fire and security systems and electrical supplies for mechanical services and lift.
